

Pre-operation sheet

Your pet is booked in for a surgical or investigative procedure that may require sedation +/- or a general anaesthetic.

Please **WITHOLD** food from 10 pm the previous night. Water is permitted up to admission.

Please allow your pet to go to the **LOO** before being admitted!

ADMISSIONS are between 9am and 9.30am – you will be assigned a specific appointment time with a member of our nursing team. It is important that you are on time for this appointment as important information must be discussed and the dedicated member of staff may not be available to admit your pet after the allocated time. This may mean that you may have to rearrange the procedure!

A member of our nursing team will admit your pet and ask you to sign a consent form for the procedure that has been arranged. Please give a **CONTACT NUMBER** that

Brannock Veterinary Clinic 50 High Street Newarthill Motherwell Lanarkshire ML1 5JU 01698 861180

you will be available on at **ALL TIMES** during your pets stay at the surgery.

A pre-anaesthetic **BLOOD TEST** is available to all patients. This blood test, in addition to a full clinical examination, will help to assess your pet's state of health in preparation of the planned procedure. Please inform the nursing staff if you require any further information or if you wish to have the test performed. There is an additional cost for this test.

Please call the surgery between 1.30pm and 2.00pm for an **UPDATE** on your pet. **DISCHARGE** is generally between 3pm and 4.15pm unless advised otherwise – a nurse will book you a discharge appointment when you phone for an update on your pet. Please make arrangements for transport at this time. You will be given **POST OP** instructions at discharge.

Please don't hesitate to call us on 01698 861180 if you have any **CONCERNS** or worries about your pets procedure and we will be happy to discuss them further with you. We **UNDERSTAND** your concerns as we too experience this with our own pets.
